

2017 STAKE PAYMENTS

Members, just a reminder that Standardbred Canada will be administering the BC Stake Payments as listed below with a deadline of May 1, 2017. Harness Racing BC will continue with the administration of the 3 year old BC Breeders Stake No. 18, (foals of 2014) and the 2 year old payment for the Sale Stake No. 19 (foals of 2015) which were the yearling participants of the 2016 Yearling Sale, with a deadline of May 1, 2017.

When you receive your stake form from Standardbred Canada, you must make your payment directly to their office in Ontario. Stake forms that are received to you by Harness Racing BC must be made payable to HRBC and can be paid at the HRBC office.

If you have **changed your address**, sold, renamed, traded or purchased any horses since the last payment date, (May 2016) you must notify Standardbred Canada and Harness Racing BC immediately. Please note, that the owner that is listed in the Standardbred Canada database is the owner that will be receiving the stake form. If the horse has not been transferred, and you have purchased the horse and are unaware of the stake payment, this could result in the horse missing the stake payment and therefore ineligible to the stake.
